Summary

- Detail-oriented Computer Science graduate with strong foundation in (Software Testing) position to apply strong understanding Manual and Automation testing Skilled in buliding and maintaining Automation test scripts using Selenium WebDriver (java) , TestNG , and Maven and Test strategy , with ability to design test cases and Automate them . While learning domain technologies and contributing to high-quality software delivery in a professional testing environment.

Experience

- **Software testing (Fresher)** 2026 -
Completed hand-on training in Manual and Automation Testing.
Designed and executed test cases for cases for web applications .
Developed automation script using Selenium WebDriver (java) , TestNG , and Maven, and worked on project .

Education

- **VPM RZ Shah College University of Mumbai , Maharashtra .** 2025 -
Bachelor of Science (Computer Science)
63 %

Skills

- Core Java , (Basic SQL) (Queries, Joins, CRUD operations) .
- SDLC & STLC understanding , defect life cycle, Test Strategy & Test planning .
- Manual testing : Functional testing , Regression testing, Smoke , Defect Tracking & Reporting etc ,
- Automation Testing : Selenium WebDriver (java) ,TestNG , Maven etc .
- Tools & Technology : Eclipse IDE , JIRA , Postman (API Testing) Jenkins , Agile methodology .
- Soft Skill : Analytical thinking , Logical problem solving ,Teamwork Collaboration ability .

Projects

- **PrestaShop E-Commerce - Manual Testing Project**
Analyzed functional requirements of the PrestaShop demo website. Test Plan,Test Scenario ,Test Execution cases for different modules in Excel sheet etc .
Designed and executed 31+ manual test cases for login, search and checkout modules etc . And 21 + defect reports, Performed Functional and Regression testing . Developed and maintained automation scripts using Selenium WebDriver, TestNG, and Maven .
- **Demoblaze website – Automation testing project**
Demo E-Commerce websites created mainly for Software testing like for Manual Testing , executed 31+ manual test Analyzed requirements and identified test Scenarios Created and executed manual test cases for different modules in Excel sheet . Automation script using Selection WebDriver (java) , TestNG , and Maven . Implemented Page Object Model (POM) for better maintainability .

Certification

- Software Testing certificate (Manual & Automation Program , Selenium with java TestNG , Maven etc) . 2026 -
